

# Teltonika 5G Mobile SMA antenna

Model: PR1US540

Manufacturer: TELTONIKA

EAN: 4779051840632

Product Code: 1577950

## R712

Enhance your mobile network capabilities with the pr1us540, designed to operate efficiently across 5G frequencies. This antenna features a robust SMA connector, ensuring a secure and stable connection to compatible devices. With its compact and durable design, it is built to withstand various environmental conditions, making it suitable for both indoor and outdoor use. The pr1us540 supports a wide frequency range, which allows for improved data transmission speeds and better network reliability in areas with 5G coverage. Its easy installation process enables quick setup without the need for professional assistance. The antenna's design is optimized to minimize signal loss, thereby enhancing the performance and efficiency of your mobile network. Whether used in a residential setting or for business applications, the pr1us540 provides enhanced signal reception and increased bandwidth, facilitating smoother and faster communications. Its compatibility with a broad range of devices equipped with SMA connectors makes it a versatile addition to any tech toolkit.
