

Teltonika OTD140 Outdoor 4G Router

Model: OTD140000000

Manufacturer: TELTONIKA

EAN: 4779027312927

Product Code: 1578002

R4,039

The OTD140000000 is a robust outdoor 4G router designed to provide stable and fast internet connectivity in outdoor environments. Encased in a durable IP55-rated plastic housing, it is built to withstand various weather conditions, ensuring consistent performance. The device features an integrated mounting bracket for easy installation. Equipped with LTE Cat 4 connectivity, the router delivers efficient data transmission speeds. It includes two PoE-in/out Ethernet ports for flexible power and data connection options. The Ethernet interface type is Gigabit Ethernet, supporting high-speed network connections and is compatible with networking standards IEEE 802.3, IEEE 802.3az, and IEEE 802.3u. This model also offers a SIM card slot, expanding connectivity options through mobile network services. It supports a wide range of network protocols including TCP, UDP, IPv4, IPv6, and more, ensuring broad compatibility with existing network infrastructures. For management and security, it supports protocols like FOTA, SSH, SMS, and others, alongside HTTPS security algorithms to safeguard data transmissions. The router's processor operates at 580 MHz, with 16 MB of flash memory and 128 MB of internal memory, facilitating efficient and secure network management and operations.
