Western Digital Red Plus 2TB WD20EFPX

Model: WD20EFPX

Manufacturer: WESTERN DIGITAL

EAN: 718037899770

Product Code: 1578277

R4,213

The **WD20EFPX** from **Western Digital** is a reliable and efficient storage solution designed specifically for NAS (Network Attached Storage) systems. With a generous **HDD capacity** of **2 TB**, this drive is ideal for users looking to store large amounts of data securely and access it quickly. The **5400 RPM** speed ensures smooth performance, making it suitable for both personal and professional use in data-intensive environments.

Equipped with a **64 MB** storage drive buffer size, the **Western Digital Red Plus WD20EFPX** enhances data transfer rates, allowing for efficient multitasking and quick access to files. This **3.5" HDD** utilizes the **Serial ATA** interface, which is known for its high-speed data transfer capabilities and compatibility with a wide range of systems. The drive is engineered for 24/7 operation, ensuring that your data is always accessible when you need it.

One of the standout features of the **WD20EFPX** is its advanced **NASware 3.0 technology**, which optimizes the drive for use in NAS environments. This technology enhances reliability and performance, making it a superior choice compared to standard desktop drives. With its robust design and focus on data integrity, the **Western Digital Red Plus** series is trusted by users worldwide for their storage needs.
