

Extralink Kat.6 FTP 0.5m LAN Patchcord Copper twisted pair, 1Gbps

Model: EX.7706

Manufacturer: EXTRALINK

EAN: 5902560367706

Product Code: 1578310

R535

Extralink Patchcord LAN network cable - 0.5 meters. The network cable is a half-meter long Extralink Patchcord LAN copper cable. A LAN Patchcord is the basic element of computer networks operating in the Ethernet standard. It is used to directly connect two active devices, such as a router or switch, so that data can be transferred between them. It is also used to connect computers or VoIP telephones for structured cabling and to perform patch panels switching in IT cabinets. It is perfect for both large and small computer networks. Extralink's shielded patchcord is highly flexible, which translates into installation convenience and user comfort.
