

Ubiquiti UACC-Dual-Power-Injector UISP Dual-Power Injector

Model: UACC-Dual-Power-Injector

Manufacturer: UBIQUITI

EAN: 810084692561

Product Code: 1578337

R2,653

The **UACC-Dual-Power-Injector** is a versatile PoE adapter designed to deliver up to **100W** of power, making it suitable for powering any two **Wave models**. With its advanced **2.5 GbE connectivity**, this device ensures high-speed networking capabilities, driving the efficiency of your network installations.

Manufactured by a reputable company, this product features a compact design with **dimensions of 145.5 x 95.5 x 44 mm**. Weighing just **280 g**, it's easy to integrate into various setups. Built from **UV-stabilized polycarbonate**, it offers impressive **wind survivability** of up to **200 km/h**, ensuring durability in challenging environments.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
