Dahua Technology Lite NVR4216-16P-EI network video recorder 1U Black

Model: NVR4216-16P-EI

Manufacturer: DAHUA

EAN: 6923172585790

Product Code: 1578410

R10,772

This network video recorder features a 1U rack-mountable design and supports up to 16 channels, making it suitable for medium-scale surveillance setups. It is equipped with 16 Power over Ethernet (PoE) ports, which simplify the installation process by allowing both power and data to be transmitted over a single network cable. The device accommodates two hard drives, enhancing storage capacity for video recordings.

Equipped with WizSense technology, the recorder utilizes advanced artificial intelligence algorithms to offer improved object recognition and event detection. This technology ensures more accurate alerts and reduces false alarms by distinguishing between human and vehicular shapes within the video feed.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The unit supports H.265 and H.264 video compression formats, optimizing storage efficiency without compromising video quality. It also features simultaneous HDMI and VGA video output, allowing users to connect multiple monitors for enhanced viewing and monitoring capabilities.

Remote access is facilitated through a compatible software application, enabling users to view live feeds and playback recorded footage from anywhere, provided there is internet connectivity. This feature ensures that monitoring can be managed remotely, adding an extra layer of convenience for users.
