

Dahua Technology PFA13G Junction box

Model: PFA13G

Manufacturer: DAHUA

EAN: 6939554986253

Product Code: 1578424

R725

Constructed from durable aluminum, this junction box is designed to provide a secure and weather-resistant housing for electrical connections. With dimensions of 134mm x 134mm x 55mm, it offers ample space for organizing and protecting wiring or cable installations. The unit is compatible with select camera models, ensuring a seamless fit and integration for enhanced security system setups.

The box features a neat, compact design that facilitates easy installation on a variety of surfaces. It is engineered to withstand harsh environmental conditions, making it suitable for both indoor and outdoor use. The corrosion-resistant material ensures long-lasting performance and maintains its integrity even in extreme weather.

This junction box also aids in maintaining a cleaner and more professional appearance by concealing cables and connections neatly out of sight. It supports a load capacity of up to 1kg, which accommodates a range of accessories and equipment. The light gray finish complements various exterior and interior decors, blending seamlessly with different styles and backgrounds.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
