Constructed from durable aluminum alloy, this black wall mount is designed to support specific surveillance camera models. It features a weatherproof design, making it suitable for both indoor and outdoor installations. The mount's dimensions ensure compatibility with select camera dimensions, providing a secure fit and stable base.

The design includes a cable hole for easy management and installation of wiring, ensuring a clean and organized setup. Its robust construction is capable of withstanding various environmental conditions, from rain and snow to dust and high temperatures, ensuring long-term durability and functionality.

The black finish not only adds an aesthetic touch but also blends seamlessly with most surroundings, maintaining the discreet appearance of the security setup. The mount is easy to install, with all necessary mounting hardware included, allowing for a straightforward setup process.
