

Hikvision DS-1280ZJ-TR13 Junction box

Model: DS-1280ZJ-TR13

Manufacturer: HIKVISION

EAN: 302702609

Product Code: 1578466

R988

Constructed from durable aluminum alloy, this junction box is designed to offer a secure and protective installation solution for specific camera models. It features a waterproof design, ensuring it can withstand harsh weather conditions, making it suitable for both indoor and outdoor use. The unit measures 136.4 mm in diameter and 53.4 mm in height, providing a compact footprint that does not intrude into space.

The design includes a cable hole on the bracket to make the installation process smoother and to help maintain a clean and organized appearance by managing and concealing wires. It supports a load capacity of up to 4.5 kg, which accommodates a range of compatible camera models without risk of damage.

This junction box is compatible with select camera models, enhancing their mounting flexibility and improving the stability of the installation. Its white finish not only matches various decors but also maintains a low profile in different environments. The package includes necessary hardware for mounting, simplifying the setup process for professional installations.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
