

Hikvision DS- 2CD2043G2- IU(2.8mm) 4 MP AcuSense Fixed Bullet Network Camera

Model: DS-2CD2043G2-IU(2.8mm)

Manufacturer: HIKVISION

EAN: 6941264063711

Product Code: 1578468

R4,420

Equipped with a 4 MP high-resolution sensor, this fixed bullet network camera delivers clear and detailed images, ensuring effective surveillance and security. The device features AcuSense technology, which enhances its ability to accurately distinguish between human figures and vehicles from other moving objects, reducing false alarms and focusing attention on real threats.

The camera includes a built-in microphone that captures audio within its vicinity, adding an additional layer of security through sound recording. With a 2.8mm fixed lens, it provides a wide-angle view, making it suitable for monitoring large areas. The unit is designed for outdoor use, boasting weather-resistant properties that comply with the IP67 standard, ensuring performance in various environmental conditions from rain to dust.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

Night vision capabilities are supported by an IR range of up to 30 meters, allowing for clear video capture in low-light conditions. The camera also supports H.265+ video compression technology, which significantly reduces bandwidth and storage requirements while maintaining high-quality video output. Easy to install and configure, it integrates seamlessly with existing security systems.
