

# Hikvision DS- 7616NXI-I2/S(E) 16-ch 1U AcuSense 4K NVR

Model: DS-7616NXI-I2/S(E)

Manufacturer: HIKVISION

EAN: 6942160426341

Product Code: 1578483

## R10,806

This network video recorder (NVR) supports up to 16 channels and is housed in a compact 1U chassis, making it suitable for space-efficient installation in various environments. It is capable of recording and playing back 4K video, ensuring high-resolution imaging for security and surveillance purposes. The device features AcuSense technology, which enhances its ability to accurately detect and classify humans and vehicles in video feeds, reducing false alarms and improving security efficiency.

With a built-in deep learning algorithm, this NVR offers advanced analytics such as line crossing and intrusion detection, which are more precise compared to conventional methods. It supports H.265+ video compression technology, which significantly reduces bandwidth and storage requirements while maintaining high-quality video output.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

The unit includes HDMI and VGA outputs, allowing for simultaneous video output to multiple displays. It also features two SATA interfaces for increased storage capacity, supporting up to 10TB per disk. Network connectivity is facilitated through a 1 RJ-45 10/100/1000 Mbps self-adaptive Ethernet interface, ensuring robust and flexible network integration.
