MikroTik L23UGSR-5HaxD2HaxD-NM, NetMetal ax

Model: L23UGSR-5HaxD2HaxD-NM

Manufacturer: MIKROTIK

EAN: 4752224009234

Product Code: 1578510

R3,907

The **Mikrotik NetMetal ax** (Product Code: **L23UGSR-5HaxD2HaxD-NM**) is a high-performance networking solution designed for both indoor and outdoor use. This robust device operates on dual frequencies of **2.4 GHz** and **5 GHz**, ensuring versatile connectivity options for various applications. With its sleek **black** color, it seamlessly blends into any environment while providing exceptional performance.

Equipped with advanced **Ethernet LAN** capabilities, the NetMetal ax supports data transfer speeds of **10, 100, and 1000 Mbit/s**, making it suitable for demanding network environments. Its ability to handle high-speed data transmission ensures that users can enjoy a stable and efficient internet connection, whether for streaming, gaming, or business applications.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.

One of the standout features of the **Mikrotik NetMetal ax** is its support for **Power over Ethernet (PoE)**, allowing for easy installation and reduced cable clutter. This feature is particularly beneficial for outdoor deployments where power sources may be limited. The device's maximum power consumption is **25 W**, making it energy-efficient while delivering reliable performance.

Designed for versatility and durability, the **Mikrotik NetMetal ax** is an ideal choice for users seeking a dependable networking solution. Its combination of advanced technical specifications and robust design makes it suitable for various applications, from residential setups to commercial installations. Trust in the quality and innovation of **Mikrotik** to meet your networking needs.
