MikroTik RouterBOARD L23UGSR-5HaxD2HaxD, dual-band WiFi6, 4x MMCX, RouterOS L4

Model: L23UGSR-5HaxD2HaxD

Manufacturer: MIKROTIK

EAN: 4752224009128

Product Code: 1578511

R2,613

The **MikroTik L23UGSR-5HaxD2HaxD** is a high-performance networking device designed to meet the demands of modern connectivity. Operating on a **dual-band frequency** of **2.4 GHz** and **5 GHz**, this device supports the latest **Wi-Fi 6 (802.11ax)** standard, ensuring faster speeds and improved efficiency for multiple devices. With compatibility across various communication standards including **IEEE 802.11a**, **IEEE 802.11ac**, **IEEE 802.11b**, **IEEE 802.11g**, **IEEE 802.11n**, and **IEEE 802.11ax**, it provides versatile connectivity options for any environment.

Equipped with an **800 MHz processor**, the MikroTik L23UGSR-5HaxD2HaxD delivers robust performance, ensuring seamless operation even under heavy network loads. The device features **Gigabit Ethernet (10/100/1000)** RJ-45 ports, allowing for high-speed wired connections that complement its wireless capabilities. This combination makes it an ideal choice for both home and business use, where reliable and fast internet access is essential.

Powering the MikroTik L23UGSR-5HaxD2HaxD is made convenient with **Power over Ethernet (PoE)**, supporting a voltage range of **18 - 28 V**. This feature simplifies installation by allowing the device to receive power through the same cable used for data transmission, reducing clutter and the need for additional power outlets. The maximum power consumption is **25 W**, making it an energy-efficient option for continuous operation.

With an input voltage of **12 - 28 V DC**, the MikroTik L23UGSR-5HaxD2HaxD is designed to be flexible and adaptable to various power supply scenarios. This model is part of MikroTik's extensive line of networking solutions, known for their reliability and performance. Whether you are setting up a new network or upgrading an existing one, the MikroTik L23UGSR-5HaxD2HaxD stands out as a powerful and versatile choice for enhancing your connectivity experience.
