

Ubiquiti UACC-Uplink-SFP28-3M Uplink Cable

Model: UACC-Uplink-SFP28-3M

Manufacturer: UBIQUITI

EAN: 810084693438

Product Code: 1578630

R2,158

The **UniFi SFP28 Fiber Module** is a high-performance networking solution designed to enhance your connectivity experience. With supported data rates of **25 / 10 / 1 Gbps**, this module ensures rapid data transfer and efficient network performance. Its compatibility with **SFP28, SFP+, and SFP interfaces** makes it a versatile choice for various networking setups, allowing seamless integration with existing infrastructure.

One of the standout features of the **UniFi SFP28 Fiber Module** is its **auto-optimisation of link speed and stability** when interconnecting UniFi devices. This technology not only simplifies the setup process but also enhances the overall reliability of your network, ensuring that you experience minimal downtime and maximum efficiency. Whether you're upgrading your current system or building a new one, this module provides a robust solution for your networking needs.
