Ubiquiti UDB-Pro Network bridge 866.7 Mbit/s White

Model: UDB-Pro

Manufacturer: UBIQUITI

EAN: 810084698051

Product Code: 1578646

R5,978

HIGH-PERFORMANCE WIRELESS CONNECTIVITY OVER LONG DISTANCES

The Ubiquiti Device Bridge Pro (UDB-Pro) is engineered for exceptional wireless performance, capable of establishing connections over distances exceeding 5 kilometers (3.1 miles). Utilizing the robust WiFi 5 standard, this device supports dual spatial streams, delivering impressive data rates of up to 867 Mbps. Its advanced 19 dBi antenna ensures reliable signal strength, making it an ideal solution for bridging networks in expansive areas or challenging environments.

VERSATILE MOUNTING AND WEATHERPROOF DESIGN

Designed for flexibility, the UDB-Pro can be mounted on walls or poles, with a pole mount included for easy installation. Its weatherproofing, rated at IPX6, guarantees durability against harsh weather conditions, ensuring consistent performance in temperatures ranging from -40 to 60°C (-40 to

140°F). The UV-resistant polycarbonate enclosure and stainless steel mounting materials further enhance its resilience, making it suitable for both indoor and outdoor applications.

EFFICIENT POWER AND NETWORKING CAPABILITIES

The Ubiquiti Device Bridge Pro operates using Power over Ethernet (PoE), simplifying installation by requiring only a single cable for both power and data transmission. With a maximum power consumption of just 9W, it is energy-efficient while providing a passive PoE output for additional devices. The dual GbE RJ45 ports facilitate seamless networking, allowing for easy integration into existing setups and ensuring high-speed connectivity across multiple devices.

ROBUST SECURITY AND COMPLIANCE FEATURES

Security is paramount with the UDB-Pro, which employs WPA2 AES encryption to safeguard wireless communications. This device is NDAA compliant and certified by CE, FCC, and IC, ensuring adherence to stringent regulatory standards. With its reliable performance, extensive coverage, and robust security features, the Ubiquiti Device Bridge Pro is an excellent choice for organizations seeking to enhance their network infrastructure while maintaining compliance and security.
