Hikvision DS-1LN6-UU 305 m CAT6 UTP Network Cable (Solid Copper, 0.565 mm, CM)

Model: DS-1LN6-UU

Manufacturer: HIKVISION

EAN: 6954273642402

Product Code: 1578745

R8,663

The **Hikvision DS-1LN6-UU** is a high-quality **305 m CAT6 UTP Network Cable** designed for reliable data transmission in various networking applications. Constructed with **solid copper** conductors, this cable ensures superior performance with a nominal diameter of **0.565 mm**. The cable features a robust **PVC sheath** that complies with RoHS standards, providing excellent durability and protection against environmental factors. The cable's core color coding includes **White-Blue, White-Orange, White-Green, and White-Brown**, making installation straightforward and efficient.

With an impressive **impedance of 100±15 Ω** and a maximum DC resistance of **9.38 Ω/100m**, the Hikvision DS-1LN6-UU cable is engineered to support high-speed data transmission up to **250 MHz**. Its electrical characteristics, including a delay skew of ≤45 ns/100m, make it an ideal choice for applications requiring minimal signal degradation. Additionally, the cable is designed to withstand extreme conditions, with a tensile strength of ≥13.5 Mpa and elongation of ≥150%, ensuring longevity and reliability in demanding environments.

Hikvision, a leader in the security and surveillance industry, has incorporated advanced technology into the DS-1LN6-UU model, setting it apart from competitors. This cable not only meets but exceeds industry standards, making it a preferred choice for professionals seeking high-performance networking solutions. Whether for residential or commercial use, the Hikvision DS-1LN6-UU cable delivers exceptional quality and performance.
