R1,820

The **Hikvision DS-2CE10KF3T-LE(2.8mm)** is a state-of-the-art **3K ColorVu Dual-light PoC Fixed Mini Bullet Camera** designed to deliver exceptional performance in various lighting conditions.

With a remarkable resolution of **2960 × 1665**, this camera ensures high-quality imaging that captures every detail. Its **F1.0 aperture** allows for excellent low-light performance, providing 24/7 color imaging that enhances security monitoring around the clock.

Equipped with advanced technologies such as **130 dB true WDR** and **3D DNR**, the Hikvision camera excels in challenging lighting environments, delivering clear images even against strong backlight. The **2.8 mm fixed focal lens** offers a wide field of view, while the smart hybrid light feature optimizes your security setup with flexible lighting options. Additionally, this camera is built to withstand harsh conditions with its **IP67 rating**, making it both water and dust resistant for reliable outdoor use.
