

Ubiquiti U-PoE PoE Adapter (15W)

Model: U-PoE

Manufacturer: UBIQUITI

EAN: 817882024976

Product Code: 1578895

R721

The **Ubiquiti U-PoE PoE Adapter (15W)** is a reliable solution for powering your network devices efficiently. Designed by **Ubiquiti**, this adapter provides a robust output of **48V DC @ 0.32A**, ensuring that your devices receive the necessary power for optimal performance. With a compact design measuring **86 x 46 x 33 mm** and weighing only **100 g**, it can easily fit into any setup without taking up much space. The adapter features a **Gigabit LAN port**, allowing for high-speed data transfer alongside power delivery, making it an ideal choice for modern networking needs.

One of the standout features of the **Ubiquiti U-PoE PoE Adapter** is its impressive efficiency rating of **84.25%+**, which minimizes energy waste and reduces operational costs. The adapter is designed to operate within a wide voltage range of **100—240V AC** and is equipped with advanced surge protection capabilities, including **1500A max surge discharge** and **11V clamping protection** for data lines. This ensures that both your power and data connections remain safe from unexpected surges, providing peace of mind in any installation.
