R1,897

The **Dahua P5AE-PV 5MP Wireless Network PT Camera** is a cutting-edge security solution that combines advanced technology with ease of use. Part of the **Active Defense series**, this camera excels in performance, offering a robust **5MP resolution** to ensure crisp and clear video footage. When an intrusion is detected, the camera triggers both sound and light alarms, instantly notifying you through its mobile client, ensuring that you remain informed regardless of your location.

This model supports **two-way talk**, allowing you to communicate verbally with individuals in front of the camera in real-time. Furthermore, it features **Smart Dual Illuminators** that can record full-color videos while significantly reducing light pollution. This technical advantage not only enhances surveillance capabilities but also makes it an ideal choice for environments where discreet operation is essential. The **coded product** reflects its commitment to innovation and reliability, making it the perfect choice for both residential and commercial applications.
