Ubiquiti UVC-G6-PTZ-W IP Security Camera with 350 Degree Rotation and Night Vision

Model: UVC-G6-PTZ-W

Manufacturer: UBIQUITI

EAN: 810177161486

Product Code: 1578984

R10,625

UNMATCHED 4K CLARITY WITH ADVANCED ZOOM CAPABILITIES

The Ubiquiti G6 PTZ Camera delivers stunning 4K resolution, ensuring every detail is captured with crystal clarity. Equipped with a 10x hybrid zoom, this camera allows for precise monitoring from a distance, making it ideal for various surveillance applications. The dual-lens system, featuring an 8MP image sensor, enhances image quality in both wide and telephoto modes, providing flexibility in viewing angles. With a wide field of view of 134.1° and the ability to pan 350° and tilt 100°, this camera ensures comprehensive coverage of any area.

INTELLIGENT AI FEATURES FOR ENHANCED SURVEILLANCE

This camera is powered by a Multi-TOPS AI Engine, which significantly enhances its surveillance capabilities. It features smart detections for people, vehicles, and animals, allowing for more accurate monitoring and alerts. The built-in face and license plate recognition capabilities further streamline security operations, making it easier to identify and track individuals or vehicles of interest. With ultra-low latency pan-tilt-zoom control, the G6 PTZ Camera can quickly respond to motion, ensuring that no activity goes unnoticed.

ROBUST DESIGN FOR ALL-WEATHER PERFORMANCE

Designed for outdoor use, the G6 PTZ Camera boasts an IP66 weatherproof rating, ensuring reliable operation in various environmental conditions. Its durable aluminum alloy and polycarbonate construction provide tamper resistance (IK04), making it a secure choice for any location. The camera operates effectively in extreme temperatures, ranging from -30 to 50°C (-22 to 122°F), and features built-in IR LED illumination for night vision up to 30 meters (98 feet). This resilience ensures that surveillance continues uninterrupted, day or night.

COMPREHENSIVE CONNECTIVITY AND USER-FRIENDLY INTEGRATION

The G6 PTZ Camera integrates seamlessly with the UniFi Application Suite, specifically the Protect platform, allowing for easy management and monitoring. It features a 10/100 MbE RJ45 port for reliable networking and supports Power over Ethernet (PoE+) for simplified installation. The camera also includes an expansion slot for a MicroSD card, enabling local storage of footage. With adjustable image settings such as color, brightness, and contrast, users can customize the camera's performance to suit their specific surveillance needs.
