The **Tapo C615F KIT** is a state-of-the-art solar-powered surveillance camera set that combines advanced technology with user-friendly features. With a powerful **800-lumen spotlight**, this camera not only enhances the security of your property but also ensures that your neighbors are not disturbed. The intelligent lighting system allows you to adjust the angle and brightness of the spotlight, providing customizable illumination for the monitored area. The spotlight can be activated by motion or manually, offering flexibility in usage.

Equipped with **2K 3MP resolution**, the Tapo C615F captures every detail in crystal-clear quality, supported by advanced algorithms that ensure perfect exposure both day and night. Its **360° AI detection and tracking** capabilities allow the camera to accurately identify and follow people, pets, and vehicles, focusing on what matters most. Additionally, the camera features a **IP65 rating**, providing excellent protection against water and dust, making it ideal for outdoor use.

Installation is a breeze with its **wireless design**, eliminating the need for access to electrical outlets, thus enhancing the versatility of placement. You can choose to record video locally on a microSD card (up to 512GB) or utilize the Tapo Care cloud storage service for added security. The Tapo C615F KIT is the perfect solution for those looking to increase their home security effortlessly and effectively.
