InLine® cable tie with marking field, length 200mm, width 4.8mm, 100 pieces.

The InLine® nylon cable ties (Polyamide 6.6) can be installed quickly and easily by hand or by using auxiliary tools. The internal teeth enable an enormous fixing. Extremely resistant to sea water, oil, grease and other conditions like that.

We recommend storing the cable ties into a closed bag. Furthermore we recommend protecting the cable ties from direct sunlight or direct heat from radiators. Otherwise the cable ties could desiccate on prolonged storage. The cable ties are in accordance with the ISO EN62275 standard.

Size of marking field: (height x width) 27mm x 13mm
