It comes in a user-optimized design, as Fujitsu innovated the display housing by offering the worldwide first right-hand USB hub that ensures an optimal cable course. This makes it ergonomically perfect for most users. The factory pre-calibrated display provides high color accuracy for single and multi-monitor usage. Retina protection by low blue light panel that culls damaging blue light without any loss or changes of color. The integrated Autobrightness sensor adapts the brightness of the display to an optimum, saves energy and increases constant productivity due to reduced eye strain.

The integrated presence sensor increases the protection of personal data, activating Windows password lock by temporary user’s absence. Its holistic portfolio of interfaces consisting of modern
