InLine SAS Cable Mini SAS SFF8087 to 4x SATA direct OCR 0.5m

Model: 27620

Manufacturer: INLINE

EAN: 4043718113620

Product Code: 1580598

R940

SAS cable, Mini SAS SFF8087 (36pin) to 4x SATA, 1:1 assignment (= straight through = reverse breakout, OCR) , for connecting drives or backplanes to a host-controller with 4 SATA connectors. Compatible with data tranfer rates up to 6Gbps.

Important Notice:
Please note the assignment of this cable! Depending on the circumstances at the existing equipment you need the cable 27610 with crossover assignment (forward, OCF). Please inform yourself accordingly in advance with the respective equipment manufacturers. Only when using the correct assignment a proper connection is established. (normal use: SAS controller --> sata drives == forward breakout // sata controllers --> SAS backplane == reverse breakout)

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
