

LevelOne USB-0423 network card Ethernet 2500 Mbit/s

Model: USB-0423

Manufacturer: LEVEL ONE

EAN: 4015867234372

Product Code: 1581047

R1,192

The LevelOne USB-0423 2.5 Gigabit Ethernet 2-in-1 USB-C/A Network Adapter allows you to connect to the internet easily through the built-in USB-C/A port on your laptop. This is an ideal solution for MacBook or other Windows computers that may have wireless built-in but don't come with an Ethernet port. Sometimes you need to physically connect to a network cable to help transfer files or access secure information. The USB-0423 offers steady and efficient data transmission, with transfer speeds of up to 5Gbps. With its 2.5 Gigabit Ethernet connection, it enables lightning-fast data transfers, at speeds 2.5 times faster than Gigabit Ethernet.

The USB-0423 is USB3.0, USB3.1 Gen 1 and USB3.2 Gen 1 compliant. It also follows the Ethernet standards set by the IEEE 802.3bz, allowing you to take advantage of Gigabit Ethernet speeds of up to 2500Mbps. This provides a strong backbone for any high-speed broadband connection to the internet as well as fast speeds for the Local Area Network file transfers.

This makes the USB-0423 the best choice for reliability, efficiency and standard compliance.
