

Equip 10" Cable Management Panel, 1U, Light Grey

Model: 327342

Manufacturer: EQUIP

EAN: 4015867238332

Product Code: 1581271

R720

The Equip 10" Cable Management Panel, 1U, in sleek black, is an essential addition to any professional server rack or data center setup. Designed for optimal cable organization and management, this panel ensures that your cables are neatly arranged, reducing clutter and improving airflow. Its 1U height makes it compatible with standard rack units, fitting seamlessly into existing configurations.

Featuring multiple routing options, the panel includes pass-through holes and cable tie points, allowing for flexible and efficient cable routing. This helps maintain an organized environment, making maintenance and troubleshooting easier and more efficient.

Ideal for use in data centers, server rooms, and network closets, the 10" Cable Management Panel is a practical solution for maintaining a tidy and efficient workspace. It not only enhances the aesthetic appeal of your setup but also contributes to the longevity and performance of your equipment by preventing cable strain and tangling.
