Rugged 1D / 2D USB Barcode Scanner that helps you improve Productivity in Retail, Hospitality, Warehousing, and Harsh Environments

The Manhattan 2D LED Barcode Scanner is your durable solution for streamlined data entry and enhanced efficiency to help improve routine transactions and automate paper-based processes. Capture barcodes from mobile devices, 1D and 2D Paper barcodes on items for sale, coupons, loyalty cards and more. This scanner is built for such different industries as retail/point-of-sale, healthcare, hospitality, warehousing or logistics.

Quick and Accurate Reads Every Time

With its wide scan field and scan depth of up to 450 mm (17.7 in.), it ensures quick and accurate reads every time. Significantly reduce errors and delays for seamless operations in your daily business.

Versatile Compatibility for Many Symbologies

Equipped with advanced technology, it detects a wide range of popular 1D and 2D symbologies, including UPC, EAN, QR Code, Data Matrix, PDF417, and many more. Whether it's barcodes or intricate QR codes, it handles it all with precision and speed.

Rugged Design for Harsh Environments

Featuring an IP52-rated housing, our scanner is built to withstand harsh environments with protection against dust and water ingress.

Reliable Performance in Any Lighting Condition

Experience maximum reliability even in the most challenging lighting conditions. With an exceptional ambient light tolerance of 100,000 lux, this scanner delivers reliable readings even in direct sunlight, ensuring uninterrupted workflow.

Plug-and-Play Installation for Effortless Setup

Experience hassle-free installation with easy plug-and-play functionality. No drivers or additional software required, simply connect the USB-A plug and start scanning. Compatible with Windows®, macOS®, Chrome OS™, and Linux®, it seamlessly integrates with your existing systems. Its wired USB connectivity ensures reliable performance without the hassle of changing batteries.

Enhanced Convenience with our Barcode Scanner Stand

For added convenience, pair our scanner with the Manhattan Barcode Scanner Stand #154192 for hands-free operation, ideal for busy retail environments and automated processes.
