Aerocool D502A Midi Tower Black

Model: ACCM-MA0204311

Manufacturer: AEROCOOL

EAN: 4711099479726

Product Code: 1581364

R1,965

The AeroCool D502A features a stylish mesh front panel design, making it an appealing choice for a trendy mid-tower PC build. It supports liquid coolers up to 360mm and offers 11 fan slots, ensuring excellent cooling potential. With durable SPCC body material, magnetic dust filters, and compatibility with ATX, Micro ATX, and mini-ITX motherboards, the D502A provides robust construction, easy maintenance, and versatile storage options.

Elevate Your Life Experience

Experience superior airflow with our stylish mesh front panel design. This mid tower case supports powerful builds, accommodating liquid coolers up to 360mm and offering 11 fan slots for maximum cooling potential.

Sleek & Powerful

The sleek design can be seen from inside and out while accommodating your high-end components for gaming or other needs.

Trendy & Breezy Design

The mesh front panel not only adds a stylish touch but also ensures optimal air ventilation for better cooling efficiency.

Large Area Air Intake

The air intake has been specially designed with large ventilation holes to keep your components cool.

Superior Cooling Support

With 11 total fan slots and 360mm liquid cooling support on the top and front, the D502A gives you the freedom to push your cooling setup to its full potential for optimal performance.

Spacious and Expandable Support

Accommodating GPUs up to 400mm and CPU coolers up to 171mm, the D502A provides ample space for your high-performance components.

Out-of-the-Box Performance

Easily manage your four pre-installed ARGB fans with the 5-port PWM ARGB control hub, giving you full control over your system’s visual aesthetics.

Hassle-Free Maintenance

Keep your system clean with magnetic dust filters on the top and side, and a removable filter on the bottom for easy maintenance.

Type-C Ready
