

Aerocool P500C Midi Tower Black

Model: ACCM-PN0104311

Manufacturer: AEROCOOL

EAN: 4711530960493

Product Code: 1581498

R2,462

The AeroCool P500C is a mid-tower PC case featuring full tempered glass front and side panels for stunning interior views, complemented by four pre-installed ARGB fans (including three with reverse blades) with a unique “mirage” infinity mirror lighting effect. It offers versatile cooling options, supporting both air and liquid cooling configurations up to 360mm, and includes a 4-port PWM ARGB fan hub for enhanced performance. Designed for ATX, micro-ATX and mini-ITX motherboards, the P500C supports high-end graphics cards up to 450mm, CPU coolers up to 162mm, and provides ample storage with three SSD slots and two HDD drive bays, while ensuring easy maintenance with top and bottom magnetic filters.

The AeroCool P500C is a mid-tower PC case featuring full tempered glass front and side panels for stunning interior views, complemented by four pre-installed ARGB fans (including three with reverse blades) with a unique “mirage” infinity mirror lighting effect. It supports air and liquid coolers up to 360mm, GPUs up to 450mm, and includes a 4-port PWM ARGB fan hub to boost overall performance.

Crystal-Clear Visibility

Show off your build in style with curved tempered glass front and side panels that provide panoramic view of your PC’s interior.

Out of the Box Performance

Enjoy immediate performance and lighting with three 12cm reverse-blade ARGB fans in the side panel and one 12cm ARGB fan in the rear, all controlled via a 4-port PWM ARGB fan hub.

Hypnotic Mirage Lighting

Each included fan features a mesmerizing “mirage” infinity mirror effect that adds depth and dynamic visuals to your setup.

Superior Cooling Support

Along with 10 total fan slots, support for radiators up to 360mm on the top and bottom, 280mm on the side, and 120mm in the rear ensures optimal thermal performance.

Easy Maintenance Filters

Maintain a clean and efficient system with magnetic top and bottom filters that allow for effortless cleaning and dust prevention.

Tidy Cable Management

Benefit from a dual chamber design that enhances cable management, providing a cleaner look and better airflow inside your case.

Accommodates High-End Hardware

Install high-performance components with ease, as the P500C supports CPU coolers up to 162mm and graphics cards up to 450mm in length.
