HB30CM4AB**

Model: 164924

Manufacturer: MANHATTAN

EAN: 766623164924

Product Code: 1581524

R877

More ways to connect your USB-A devices

The Manhattan 4-Port USB 3.0 Type-C Hub turns one of your device's USB-C ports into four SuperSpeed USB-A ports so you can easily connect a keyboard, mouse, thumb drive and more. The hub's SuperSpeed ports are backward compatible so you can bridge older USB-A peripherals to your newer USB-C device. Devices that fit the SuperSpeed USB 3.2 Gen 1 spec (formerly known as USB 3.0) can reach transfer speeds up to 5 Gbps for external storage, printing and more. Plus, you can charge your phone or tablet since the hub supplies up to 5 V / 1 A of power.

Connectivity you can take with you

This hub's durable case, compact size and bus power mean greater portability for you when you have to pack up and go. Simply unplug the hub from your upstream device, disconnect your peripherals and put the devices you need in your laptop bag. Its Plug-and-Play installation and hot-swap ability means you're able to get working — or playing— in no time.
