Compact and Stylish Design

Luxury and convenience

When folded, it is no larger than a standard A4 sheet, making it effortlessly portable and easy to fit into any bag.

Latest foldable panel technology

The ZenScreen Fold OLED MQ17QH features the latest waterdrop-style hinge design, seamlessly brings the two sides together, eliminating gaps and minimizing creasing for a sleek appearance.

Exceed over 30,000 cycles

The MQ17QH has been put through its paces in rigorous hinge testing, ensuring it can withstand at least 30,000 open-and-close cycles, designed to minimize stress on the display.

Vibrant & astonishing true-to-life color

The MQ17QH provides amazing viewing experiences, with its brilliant OLED panel and HDR technology that can display over 1 billion colors. Its cinema-grade 100% DCI-P3 color gamut make it a superbly versatile all-rounder for anyone — including professional creators.

High perceptual brightness, deep blacks

The OLED technology in ZenScreen OLED MQ17QH produces the deepest blacks and ensures vivid colors at any brightness level. It also delivers extremely crisp and clear details, even in the darkest scenes.

Seamlessly Intuitive and Expansive Capability

Effortless set-up

A single USB-C cable is all that’s required to duplicate or extend a laptop screen. The USB-C port handles power- and video-signal transmission, so it’s simply a matter of plug-and-play when it’s time

to get work done.

Extensive connectivity

The MQ17QH has a rich selection of connectivity options, including two USB-C ports*, for display signals and power transmission. In addition, a mini HDMI port provides broad compatibility with various devices, and a 3.5 mm audio jack is ready for wired headsets.

Designed with ergonomics in mind

It includes a standard ¼-inch screw thread socket that allows it to be mounted on any camera tripod stand. This enables customized height adjustment for comfortable viewing angles, ideal for long working hours.

Freely adjust multi-screen display orientation

When connected to a Windows PC, the ASUS DisplayWidget Center tool* supports multi-screen, enables MQ17QH to sense its orientation and automatically switches the display between landscape and portrait modes.

Effortless workflow optimization

Seamless workstation integration: An additional display fosters productivity by allowing for effortless multitasking, even during meetings, facilitating a streamlined workflow.

Streamlined collaboration on-the-Go

Effortless Content Sharing Made Simple: Conveniently share content from your laptop directly to the ZenScreen Fold OLED. This expansive display provides ample screen space for presentations and discussions, fostering collaborative meetings in any setting.

Enhanced visual fidelity

Unparalleled detail for your masterpieces: A dual-screen setup expands your workspace, granting each window dedicated space to maximize creative efficiency.
*The Tripod stand-MTS02D does not come with the ASUS ZenScreen Fold OLED MQ17QH, you need to purchase it separately

Effortless mobile expansion

Enhanced Productivity Beyond Your Phone: The 17.3-inch ZenScreen Fold OLED monitor transcends the limitations of a mobile device. Experience a superior viewing experience that empowers extended work sessions.
*Need to check whether the USB-C port of your laptop/smartphone supports DP Alt mode prior to use.

Unparalleled entertainment immersion

Dual-purpose entertainment powerhouse: Connect the ASUS ZenScreen Fold OLED MQ17QH to your game console and relish the thrill of immersive gaming. Simultaneously, enjoy movies, competitive games, and more on the secondary display.

Sustaining an Incredible Future

Eco-friendly Packaging

The sustainable packaging of ASUS ZenScreen FOLD OLED MQ17QH is FSC® Mix-certified. The lightweight, eco-friendly cardboard box that is packed in is designed to keep overall volume to a minimum, for more efficient shipping.
