Each keycap is constructed from high-quality PBT material to provide a solid typing feel and long-lasting durability. The premium keycaps also offer superb resistance to surface wear, preventing keycap shine – keeping that factory-fresh feel for longer.

Doubleshot molded

Keycaps

A precise doubleshot molding process results in translucent keycaps that feature seamless ROG legends for a unique look, giving your keyboard perfectly consistent lighting with an aesthetic that's unmistakably ROG.

Made for ROG RX Switch keyboards

The ROG PBT Doubleshot Keycap Set for ROG RX Switches is compatible with any keyboard equipped with ROG RX Switches. We've even included an exclusive ROG Keycap Puller in the package, so removal and fitting is as easy as can be.
