

Equip 112170 power cable Black 1.8 m C14 coupler C15 coupler

Model: 112170

Manufacturer: EQUIP

EAN: 4015867240823

Product Code: 1582109

R717

This high-quality power cord is a reliable and efficient solution for connecting equipment that requires high-temperature resistance and dependable power delivery. Featuring an IEC C14 plug on one end and an IEC C15 connector on the other, it is specifically designed for use with devices such as network switches, servers, and other IT or industrial equipment that operate in high-heat environments. Supporting up to 250V and 10A, this power cord is perfect for professional and industrial applications.

Constructed with premium materials, this cord ensures excellent durability and long-lasting performance. The heavy-duty copper conductors provide superior conductivity and efficient power transmission, minimizing energy loss while ensuring stable and consistent performance. The connectors are precision-molded for a secure and reliable fit, reducing the risk of accidental disconnections.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
