

Equip 112106 power cable Black 0.25 m IEC C14 CEE7/3

Model: 112106

Manufacturer: EQUIP

EAN: 4015867240984

Product Code: 1582115

R722

This premium power cord offers a reliable and efficient solution for connecting your equipment to a European power source. Featuring an IEC C14 plug on one end and a CEE 7/3 Schuko socket on the other, it is designed to meet the highest standards of safety and performance. The cord supports a voltage rating of up to 250V and a current capacity of 10A, making it ideal for powering a wide range of devices, including computers, servers, and other IT equipment.

Manufactured with durable materials, this power cord ensures long-lasting performance and resistance to wear and tear. The connectors are precision-molded for a secure fit, minimizing the risk of disconnection or power loss. The cable is constructed with high-quality copper conductors for excellent conductivity and reduced energy loss, ensuring stable and efficient power delivery.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
