Equip USB 1D Laser Barcode Scanner, with Stand

Model: 351022

Manufacturer: EQUIP

EAN: 4015867231685

Product Code: 1582164

R1,255

The Equip USB 1D Laser Barcode Scanner with Stand is a versatile and efficient scanning solution for businesses. This device, designed for various applications such as retail and inventory management, comes with a convenient stand for hands-free operation, improving productivity.

With USB connectivity, it seamlessly integrates with your computer or point-of-sale system, offering a straightforward setup process. Equipped with a laser scanner, it can quickly and accurately read one-dimensional barcodes, simplifying data capture and reducing errors.

The included stand enables presentation-style scanning, making it ideal for busy retail checkout counters and warehouses where multiple scans are required. This scanner is a cost-effective tool for businesses looking to streamline operations, enhance inventory accuracy, and provide excellent customer service. It's a reliable solution for organizations seeking an efficient way to manage 1D barcoded information.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
