A True Love Story

In elegant black, this enclosure attracts attention and remains very light at the same time, due to the plastic used. The black silicone sleeve absorbs both vibrations and other impacts.

Ultrafast

Using the SATA III, USB 3.0 and UASP support the data is transferred faster from A to B than ever before. The USB 3.0 port can come up with up to 5 Gbit/s and UASP gives it some additional speed points, well done. The slender silicone frame makes for a for a great stability and it dampens impact damage and thus protects the hard drive in addition.
