Model: 650112

Manufacturer: EQUIP

EAN: 4015867224045

Product Code: 1582285

R2,306

The equip® is 17"-32" Articulating Monitor Desk Mount Bracket with Gas Spring Structure is a versatile and ergonomic solution designed to enhance your workspace. This mount is crafted to securely hold and adjust flat-panel monitors within the 17 to 32-inch size range. Its standout feature is the integrated gas spring mechanism, which enables effortless height adjustment and smooth tilting and swiveling of the monitor. This ensures optimal viewing angles, reducing neck and eye strain.

The bracket is easy to install and clamps onto your desk, saving valuable workspace. Its articulating arms provide a wide range of motion, allowing you to position your monitor at the perfect height and angle for your needs. The gas spring structure adds a level of flexibility and precision to monitor positioning, enhancing comfort and productivity. With its durable construction and sleek design, this bracket is an excellent choice for creating a more ergonomic and organized workstation.
