EAN: 766623162746

Product Code: 1582313

R1,012

Quickly connect more USB Type-A peripherals to type-C devices

The Manhattan SuperSpeed USB 3.2 Gen 1 Type-C Hub easily adds four SuperSpeed Type-A ports to any USB type-C compatible device, expanding connectivity for keyboards, mice, external memory and other peripherals. Its SuperSpeed ports are backward compatible to support older devices, provide data transfer speeds up to 5 Gbps for external storage, printing and other activities, and capable of charging and powering at 5V/1A output.

Easy to add connectivity

A durable case, compact size and bus-power make it easily transportable to add USB connectivity almost anywhere. Installation is simple with Plug and Play and hot-swappable capabilities, and a built-in USB cable quickly connects the Manhattan SuperSpeed USB 3.2 Gen 1 Type-C Hub to any USB type-C port.
