The Lindy HDMI to DisplayPort, DVI and VGA Converter allows users to connect either a DisplayPort, DVI or VGA screen to an HDMI source. Supporting 4K resolutions up to 3840x2160@30Hz on HDMI displays, content can be viewed with superior clarity and stunning accuracy. DVI and VGA monitors are supported with a maximum resolution of 1920x1200@60Hz. The integrated USB cable can be connected to a USB port or USB power supply to power the converter.

With its lightweight, low profile design, this converter easily fits into a notebook bag and simply expands available connectivity options, so users can connect to the most commonly used digital and analogue video equipment, without having to carry multiple adapters - ideal for BYOD applications.
