Model: 133492

Manufacturer: EQUIP

EAN: 4015867230008

Product Code: 1582774

R1,349

The equip® USB-C to HDMI 2.1 adapter is a device that allows you to connect a USB-C enabled device, such as a laptop or tablet, to an HDMI 2.1 enabled display, such as a monitor or TV. This adapter supports up to 8K resolution at 30Hz, which is four times the resolution of 4K and is the highest resolution currently available for consumer displays.

The adapter is capable of transmitting high-quality video and audio signals, which means you can enjoy a high-fidelity viewing experience. It also supports HDR (High Dynamic Range) video, which provides a wider range of colors and contrasts, resulting in a more vibrant and realistic image.

The USB-C to HDMI 2.1 adapter is easy to use, simply plug one end of the adapter into your USB-C device and the other end into your HDMI 2.1 enabled display. It is compatible with a wide range of USB-C devices, including laptops, tablets, smartphones, and gaming consoles.
