

Equip Cable Management Organizer

Model: 650863

Manufacturer: EQUIP

EAN: 4015867231746

Product Code: 1582863

R828

The Equip cable management organizer is an essential tool for keeping cables and wires neat, organized, and tangle-free. It is designed to effectively manage and conceal cables in various settings such as offices, homes, entertainment centers, and computer setups.

By using a cable management organizer, you can improve the overall aesthetics of your space by hiding unsightly cables. It also helps in maintaining a clean and safe environment, as organized cables reduce the risk of accidents, such as tripping or damage to cables due to tangling.

The product information provided is for reference purposes only. Technical specifications, photos, descriptions and prices may change without prior notice. The manufacturer and seller are not responsible for possible data discrepancies or typographical errors. We recommend checking the current information before purchasing.
