Heat shrink tube offers a premium method of labelling wires and cables. Simply slide the tube onto the cable and shrink snugly to the cable using a heat gun. Labels will never fall off. The cassette fits into all DYMO Rhino printers including 6500, 6000, 5200 and 5000. Industrial-grade polyolefin offers a 3:1 heat shrink ratio and the convenience of printing directly on the tubing itself.
