Keeps objects from being under-rendered when far away or overexposed when close to camera at night.

Wide Dynamic Range

Adjusts for lighting contrast to minimize shadowing effects and renders images true to life.

3D DNR

Removes abnormal pixelation to provide clearer video and eliminate distortion.

More compression. More savings. Same quality.
Without using any extra bandwidth, your cameras transmit compressed crystal-clear video to save disk space, ease network loads, and reduce monitoring costs without sacrificing image quality.

Flexible Management and Storage

Take full control over your security via four management methods: the web UI, NVR UI, VIGI app, and VIGI Security Manger. Local storage is available for each method, as well as on-board storage with SD card slot (up to 256 GB).

Discover the best way to power your camera.
PoE/12V DC
Two power supply ways not only give you more convenience but also make your wiring remarkably easy.

Flexible Installation

Find the perfect vantage point by simply securing your camera to ceiling, pole or wall.

One system. Full security.
Run your business with peace of mind.
The VIGI professional surveillance system by TP-Link is dedicated to protecting the business you've worked hard to build — whenever, wherever. Our outstanding functions, reliable quality guarantees, and simplified installation work together to ensure your business stays safe and sound.
