Equipped with USB 3.0 ports, the UH700 can transfer a 1080p movie under 2 minutes 18 seconds, whereas it takes 7 minutes 36 seconds with a USB Hub equipped with USB 2.0 ports.

Increase the number of available ports

The UH700 is perfect for anyone who has a computer with only one or two USB ports, and wants easier access to additional ports without having to switch between devices.

Protect Both Your Devices and Precious Data

UH700 has a sophisticated circuit design with multiple protections for your devices against over-heating, over-current, over-voltage and short circuit. A built-in surge protector keeps both your devices and data safe in the process of transferring data. UH700 support USB ports hot swapping that can be safely connected and disconnected while the computer is powered on and running.

Considerate Design

A dim white LED indicator on the power button helps visulaize the connection status and similarly 7 dim white LED indicators beyond each USB port also indicate whether the devices are properly connected.
