R789

802.11AC – The Next Generation of Wi-Fi

TP-LINK's Archer T2U comes with the next generation Wi-Fi standard - With fast WiFi technology - 802.11ac, with transfer rates 3 times faster than wireless N speeds. It provides an easy way to upgrade even older laptops to next generation Wi-Fi.

AC 600 – Selectable dual-band speeds 433/150Mbps

The T2U provides 433 Mbps high speeds WiFi over the 5 GHz band, making it ideal for HD video streaming and lag-free online gaming, while its 2.4 GHz 150 Mbps WiFi can be used for normal use such as web surfing with legacy devices.

Miniature Design – Easy to take on the road

With its compact and sleek design, it’s smaller than most 11ac Wi-Fi USB adapters available and easy to take on the road. Users can connect the mini adapter to any USB port.

Sleek and Stylish – High standard production process

Doubleshot molding - Our advanced molding technology gives the Archer T2U its crystal clear surface, while our strict polishing treatment produces a smooth and soft surface with a high-quality touch.

Easy to Install

A friendly user interface utility on a CD for simple installation

Soft AP

Easily establish a high speeds Wi-Fi hotspot with just a few clicks

Compatible

Works with 802.11 a/b/g/n /ac devices
