Fresh popcorn is simply delicious! And it can be prepared in just a few minutes with the POPCORNMAKER Classic. Because you don't need to add any oil, it's also a figure-conscious snack! Up to 100 grams of corn kernels can be processed in one go. The lid of the POPCORNMAKER Classic also functions as a measuring cup for the maximum amount. Preparation is child's play: fill in the corn, put the lid on and switch on the POPCORNMAKER Classic - and you're ready to start making popcorn. Can be completely dismantled for easy cleaning.
