Our electric pizza oven Luigi bakes your pizza on the pizza stone provided at up to 450°C in just around 2 minutes. Thanks to the double-glazed door and the heat-insulated stainless steel housing, you also save electricity with the oven! On average, it only uses 1 kW of electricity at maximum heating output. With numerous programs and adjustable top and bottom heat, you can make the perfect pizza! It is also possible to prepare tarte flambée, flatbread and much more. Explore the diverse recipe options in the recipe booklet provided.
