

Teltonika

TRB141 LTE/4G

Compact Industrial Gateway

Model: TRB141003000

Manufacturer: TELTONIKA

EAN: 4779027312620

Product Code: 1586016

R4,010

The TRB141003000 is a compact industrial gateway designed to facilitate robust and secure internet connectivity. It supports a wide range of management protocols including HTTP/HTTPS, JSON-RPC, and RMS, ensuring versatile remote management options. The device is compatible with numerous network protocols such as TCP, UDP, IPv4, IPv6, ICMP, NTP, DNS, HTTP, HTTPS, SSL v3, TLS, SSH, DHCP, SNMP, and MQTT, which enhances its functionality in various network environments. Equipped with advanced security algorithms like 256-bit AES, DES, HTTPS, SSH, and SSL/TLS, this gateway offers reliable data encryption and secure communication channels. It also includes comprehensive VPN support with protocols like OpenVPN, IPSec, GRE, PPTP, L2TP, and features NAT functionality including NAT, NAT-T to ensure secure and efficient network routing. The device uses a MiniSIM card and has a compact form factor with dimensions of 70 mm in width, 18 mm in depth, and 60 mm in height, making it suitable for space-constrained installations. It operates on a DC input voltage range of 9 to 30 volts, accommodating various power supply standards.
