Model: 48726

Manufacturer: ESGE

EAN: 4011689487262

Product Code: 1586169

R3,742

The RACLETTE Multi 4 in 1 is ideal for cosy dining at the table: culinary variety at its best! While meat appetisers or pieces of vegetables are cooking in the fondue pot, delicious side dishes sizzle under a tasty cheese topping in the extra deep raclette pans with heat-insulated handles and are transferred to the plate using the wooden spatulas - and scampi are on the grill as a delicious starter or juicy steaks are prepared to perfection on the natural stone plate. There is something for every taste - for up to eight people! The non-stick coated fondue pot (capacity of around 500 to 700 ml) with lid, splash guard, fork holder and length-adjustable fondue forks are also part of the equipment, as is the removable, non-stick coated grill plate and the natural stone plate with fat drain and collecting groove. The side dishes can be gratinated in the raclette pans. The stepless temperature control with indicator light ensures that the stainless steel heating element is at the perfect temperature. The RACLETTE Multi 4 in 1, which is equipped with anti-slip feet, can be completely dismantled for easy cleaning. Recipe ideas can be found in the operating instructions.
