TAILOR YOUR SWITCH ANYTIME

The hot-swappable socket design supports both default and third-party mechanical switches, allowing seamless switch replacement without soldering. Effortlessly tailor your typing experience for maximum flexibility and durability.

PLAY WITH YOUR STYLE

A removable magnetic top cover pairs elegantly with the matte metal case, letting you adapt your keyboard's appearance to suit your environment or mood. This design enhances both visual appeal and ease of maintenance.

INSTANT INTERACTION

Take control with convenient hotkeys that let you quickly adjust lighting effects, manage media controls, and access widgets, enhancing your overall interaction with smooth functionality and rapid adjustments.

MACROS FOR EFFICIENCY

Assign custom macros to the F1-F5 keys and automate complex actions with a single key press. Ideal for executing rapid command sequences in games or streamlining repetitive workflows, improving overall productivity.

PERSONALIZED LIGHTING

Access five built-in game lighting modes for immediate illumination of essential key zones. Further personalize your lighting profiles by holding FN + SCRLK to adjust and store your preferred effects. (For more details, please refer to the user manual.)
